The Coastal Plains

Don't you want to live in a place that, when you go outside you smell the fresh air, and hear the roar of the ocean? Well then the Coastal plains is the best place to live for you.

In the Coastal there are many activities to do. The ocean is super close so you can take a quick drive and go swimming, you can play in the sand, and have a picnic. When I went to Corpus Christi, my cousins and my brother would go fishing every day! ~~When~~ Everytime we went to the beach we would go somewhere before it like one time we went to a ship that was a airplane museum. We finally went to the beach, it was a very shallow beach with no waves, but I still liked it. We went home and fished in the backyard. We let the fish go and lost a lot of bait. I also love the many places to live, You could live near the beach or far or in a beach house, an apartment, etc. They're a lot of places to visit because the coastal plains is so big.

If you want to live in an amazing place the coastal plains is the place for you. It will be one of the best decision you have ever made, yet!

Christine Nguyen, 4th Grade, Ms. Derossett's Class, Cox Elementary

"I really enjoyed writing this paper. I really liked getting to research my Texas region before writing my piece. I believe that I exceeded the expectation because I took my time to plan carefully with the I-Plan, drafted, and got feedback from my teacher and peers. I used their feedback when revising and editing to make my paper better. The published copy has all of my corrections and is almost perfect! I hope you like it, too!"
