For Immediate Release

### **NISD's Cynthia Webber Named Principal of Haslet Elementary School**

Cynthia Webber, current assistant principal at Northwest ISD's Byron Nelson High School, has been named the new principal of Haslet Elementary School. Webber says she is excited to utilize her strengths and diversity of experiences to promote learning and achievement.

"I am looking forward to getting to know the students and staff and developing strong partnerships with the parents and community members," Webber said.

"Cynthia Webber will be a tremendous asset to Haslet Elementary School," said Superintendent of Schools Karen G. Rue, Ed.D. "She has served Northwest ISD in various leadership roles and will add her talent and enthusiasm for students to the successes at Haslet Elementary.

The NISD Board of Trustees unanimously approved Webber's move to Haslet Elementary School at the school board meeting on May 28. Webber will replace Michael Griffin, Ed.D. in the 2013-2014 school year. Griffin was recently named NISD's new executive director of elementary education.

Cynthia Webber has served students and families in Northwest ISD since 2004 at Prairie View, Roanoke and J.C. Thompson elementary schools. Her teaching experience spans pre-kindergarten to fourth grade and she has worked as a STAR (Strategic Techniques for Academic Results) teacher and an ELL (English Language Learners) Instructional Support Teacher.

Webber earned her bachelor's degree in sociology from Rice University and holds a master's in education from Texas Christian University. She has served on leadership committees, mentored staff members and assisted in the initial development for the dual language program in Northwest ISD.

"I am excited to work with students and parents in the Haslet community," said Cynthia Webber. "There is so much potential for growth and development, and I'm excited to be a part of that."
