

## Media Advisory

For Immediate Release

May 27, 2014

### **NISD to Host Second Annual Night of No Limits Students' Imaginations Come to Life, Exploring Endless Scientific Opportunities**

- WHO:** More than 1,200 student presenters (kindergarten through 12<sup>th</sup> grade) showcase 875 live presentations.
- WHAT:** Northwest Independent School District invites the public to experience a night of science and problem based learning at NISD's Night of No Limits. Kindergarten through 12<sup>th</sup> grade students will present their best inquiry learning. Students will share their projects through live presentations and in a gallery format. Families can take advantage of the interactive exhibits from the Perot Museum and listen to a live presentation from Meteorologist Jeff Jamison. The Mobile 11 Storm Chasing Vehicle will also be on display.
- WHEN:** **Thursday, May 29, 6-8 p.m.**
- WHERE:** **Byron Nelson High School  
2775 Bobcat Blvd, Trophy Club, TX 76262**
- WHY:** As 21<sup>st</sup> Century citizens, students must be prepared with high levels of academic strength including literacy, digital skills, critical thinking, problem solving, collaboration and communication. This event provides students a place to practice these skills while demonstrating the in-depth, inquiry-based learning that is occurring in NISD classrooms. This is an opportunity to show their parents and other community members the many ways that learning takes place in NISD classrooms.
