February 25, 2015

1,100+ Students Present at Northwest ISD's Techno Expo Showcase

WHO: More than 1,100 student presenters (kindergarten through 12th grade).

WHAT: Northwest Independent School District invites the public to experience the use of technology in the classroom at the fifth annual Techno Expo. Students from Kindergarten to 12th grade have been encouraged to apply for the expo and to submit their best technological work in the categories as follows:

- animation
- digital video
- multimedia
- website design
- desktop publishing
- digital audio
- electronic art

This year more than 900 presentations were submitted for the Expo. Selected student work will be presented to the community during more than 410 breakout sessions at 6:15 p.m. Refreshments and cuisine will be provided by the Byron Nelson High School Culinary Arts and Hospitality Academy from 5:30 p.m.-7 p.m.

WHEN: **Thursday, February 26, 5:30 p.m. - 8 p.m.**

WHERE: **Northwest High School
2301 Texan Drive, Justin, Texas 76247**

HIGHLIGHTS: This year's Expo features Lego robotics demonstrations throughout the evening and a joint project with elementary students and the Academy of Science, Technology, Engineering and Mathematics.

WHY: As one of the top digital districts in the nation, Northwest ISD is considered an innovative leader across the nation in its uses of technology, providing students with college and career ready opportunities. Technology provides interactive and collaborative learning experiences for every student. This event provides students a place to show off their technology skills to their parents, community members, teachers and peers.

NOTE: For more details about this year's event, a promotional video is available to watch: Go to <http://technoexpo.nisdtx.org> for more information about the event. To download the mobile app with a schedule, go to <http://expoapp.nisdtx.org>. Make sure to follow the discussion at #NISDExpo.
