Northwest ISD's Outdoor Learning Center Partners with General Electric Employee Volunteers to Impact 2,000 Fifth Graders

- WHO** – Approximately 2,000 fifth grade students impacted
50 General Electric employees
- WHAT** – Volunteers from NISD's community business partner General Electric will be constructing educational activities that will replicate the weather and erosion process fifth grade students to use in an upcoming science lesson. More than 2,000 Northwest ISD fifth grade students will benefit from their work.
- WHEN** – Friday, September 19, 11 a.m. to 2:30 p.m.
- WHERE** – Northwest ISD's Outdoor Learning Center
7773 Mulkey Lane, Northlake, 76247
- WHY** – GE Manufacturing Solutions, based in Fort Worth, is a Northwest ISD Partner in Education. The volunteers will assist with constructing educational activities that will impact the student's experience at the Outdoor Learning Center.

Please contact Emily Conklin (940-535-8010) if you plan to attend.
